

## TCM Forklift Parts

TCM Forklift Parts - In the global trade of material handling, forklifts play an important part for transporting industrial goods. Initially innovated as industrial vehicles during the 1930s in the United States of America, forklifts gained popularity following WWII in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machines spread internationally.

In 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the company is simply referred to as TCM Corporation. Over the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation with the trade. TCM started constructing forklift manufacturing locations outside of Japan during the 1980s and is now engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With more than fifty years of accumulated technology and expertise, TCM has been proudly manufacturing many models of industrial lift trucks, making their models recognizable all over the world. With an energetic and strong staff, TCM has been able to continually work towards becoming a future leading material handling business.
